

CENTI ASTRO-SPACE ACTIVITIES

began with a quest to improve science literacy using Space Exploration and Astronomy while emphasizing hands-on sensory interaction. Christopher Centi the "Rocket Man" is owner and CEO. He advocates for hands-on science, is an author, has appeared on TV & radio and is a member of several Space Science organizations.

"Somewhere, something incredible is waiting to be known"
Carl Sagan

BLAST OFF TO AN UNFORGETTABLE EXPERIENCE!!

Spend one day or up to a week exploring planets, going to the moon, traveling to Mars, catching comets, exploring if life exists elsewhere, building & launching rockets and/or reaching for the stars. Space Science comes to life through:

- Hands-On Educational, Fun Activities which
- Meet Science and other Standards
- Abstract Concepts brought "Down to Earth"
- Sales of Educational Products

CAMPS ARE PRESENTED TO:

- Schools • Home School Groups
- Museums • Planetariums
- Summer/Vacation Camps
- College Continuing Ed • Kids College
- Scouts & Youth Groups • General Public

SPACE CAMPS OFFERED

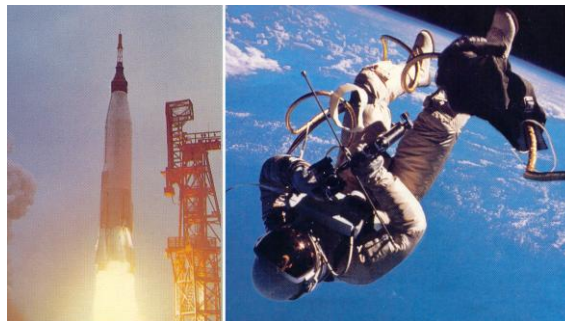

Mini - camps are briefly described below along with fees. There are 24 topics to choose from which are grouped into 7 themes. Some of these topics are offered as Mini - Course Camps for children & parents. The flyer entitled: **SPACE CAMPS OFFERED** gives brief descriptions of what we offer. Throughout the year we also offer 7 **COSMIC ASTRO-SPACE CAMPS** as outreach and 3 during the summer at our location. These are briefly described below and more detailed in separate flyers. A **deposit** is required to hold date(s) for any of the camps.

MAGICAL SPACE JOURNEY or SOARING with ROCKETS

- ♦ A 1.5 hour primer introducing our camps
- ♦ For up to 50 participants per session
- ♦ \$225.00 for 1 session • \$198.00 for 2 or more each

ONE or TWO DAY MINI-CAMPS

- ♦ 5 hours (One Day) or 10 hours (Two Days) in length at your location
- ♦ During school day or a requested time
- ♦ Offered throughout the year
- ♦ For up to 25 participants
- ♦ \$475.00 for 1 Day • \$775.00 for 2 Days

"WOW! What a great experience for our participants! Centi Astro-Space literally made it a 'blast!'"

Brian C. Emelson, Assistant Director
Brighton Recreation Dept., Brighton, NY

AFTER SCHOOL SPACE CAMPS

This is an out-of-school-time program that explores Astronomy and Space Science concepts through engaging hands-on activities & projects and takes participants on a journey through the Universe.

- ♦ 6 to 12 sessions lasting 45 - 50 minutes
- ♦ After school through the school year
- ♦ Flexible, adaptable and offered in a variety of settings
- ♦ For up to 20 participants
- ♦ Sessions: 6 at \$540.00 • 12 at \$855.00

"The abstract was done away with and the students were attentive each step of the way. It was an exciting day that we remembered well after his visit".

Jim Fatter, 2nd Grade Teacher
Erie, Pennsylvania

COSMIC ASTRO-SPACE CAMPS

- ◆ At our location or yours.
- ◆ Maximum 18 participants
- ◆ Participants must be in grades 4 - 8
- ◆ Camp Tuitions - \$285.00 per student
- ◆ Reduced fee for 2 or more camps

OUTREACH 2012

You have your choice of 7 camps that run for a total of 30 hours. Any one of these camps can last one week or be spread out over several days or weeks. Included are several key activities, demonstrations, field trips and guest presenters. Four of the camps include a **Mission Simulation**. For detailed descriptions, parent information, and registration guidelines see the separate flyer packet (# OTR2012).

CAMPS INCLUDE:

SURFIN' THE SOLAR SYSTEM

ROCK 'N ROLL 'ROUND THE SUN

GET READY TO BLAST OFF!

LUNAR MYSTERIES: GETTING THERE & BACK

MISSIONS TO MARS: GETTING THERE & BACK

CRUISIN' THE COSMOS

ALONE IN THE UNIVERSE??

SUMMER 2012

Three summer camps are offered during July and August. Each camp is 1 week (30 hours) in length. Included are several key activities, field trips, demonstrations and guest presenters. **LUNAR MYSTERIES** and **MISSIONS TO MARS** include a **Simulation**. For detailed descriptions, dates & times, parent information, registration guidelines and releases see the separate flyer packet (# JA2012).

CAMPS INCLUDE:

GET READY TO BLAST OFF!

LUNAR MYSTERIES: GETTING THERE & BACK

MISSIONS TO MARS: GETTING THERE & BACK.
